RUMANIAN DECREE RESTRICTING SALE, PURCHASE OF AGRICULTURAL PRODUCTS

[Comment: Decree No 502, issued on 22 December 1952 by the Presidium of the Grand National Assembly of the Rumanian People's Republic, forbids the transport, sale, or purchase of agricultural products by a commune before fulfillment of its collection plan.

It may be noted in this connection that the Bucharest newspapers Scanteia, Vata Sindicala, Romania Libera, and Viata Capitalei contained numerous articles during fall 1952 complaining of sabotage and nonfulfillment of collection quotas for agricultural products to be delivered by peasants to procurement and collection centers.

A summary of Decree No 502 follows.

Article 1

The transport, sale, purchase, and milling of vegetable products which are covered by collection and procurement quotas is forbidden before fulfillment of the collection plan of an individual commune.

After fulfillment of every item of the collection plan by the commune, with the approval of the chairman of the executive committee of the regiune people's council, and with the authorization of the regiune branch of the State Committee for the Collection of Agricultural Products, a commune may transport, mill, sell, and dispose of surpluses of these products without restriction.
